HAZARDOUS MATERIALS SAFETY PERMIT
HM Safety Permit ID: 84387-VA-HMSP
Effective Date: July 21, 2006

Dear C L WILSON:

The Hazardous Materials Safety Permit (HMSP) is verification of the motor carrier's permission to engage in the transportation of hazardous materials listed in 49 CFR 385.403 by motor vehicle in interstate, intrastate, or foreign commerce.

This HMSP will be effective beginning July 21, 2006 and remain effective through July 31, 2008 if your company maintains compliance with the requirements pertaining to the safe and secure movement of hazardous materials for the protection of the public (49 CFR 385 and other applicable Federal Motor Carrier Safety Regulations and Hazardous Material Regulations). Failure to maintain compliance will constitute sufficient grounds for suspension or revocation of this authority.

Willful and persistent noncompliance with applicable safety fitness regulations as evidenced by a Department of Transportation safety fitness rating less than "Satisfactory" or by other indicators, could result in a proceeding requiring the holder of this permit to show cause as to why this authority should not be suspended or revoked.

For questions regarding this document you may contact the Federal Motor Carrier Safety Administration's Hazardous Materials Division at 202-366-6121.

Sincerely,

Charles A. Horan, III
Director, Office of Enforcement and Compliance
